THE DAY IN CONGRESS.

Senator Hale Speaks in the Senate Upon the Reciprocity Amendment--Carlisle Against Sugar Bounties.

WASHINGTON, Sept. 2.—In the senate this morning Mr. Sawyer, from the post-office committee, reported the house anti-lottery bill, and gave notice that he would ask for its consideration as soon as the tariff bill was passed. The tariff bill was then taken up, and the sugar schedule was considered. Mr. Carlisle gave notice that he would move to strike out all the paragraphs relating to bounties.

Mr. Hale offered the reciprocity amendment of which he gave notice last June, and spoke in support of it. Discussion of reciprocity, he said, had resulted in grave and pertinent suggestions from eminent men of the country during the last thirty years. Whoever had seen the gradual falling off of American trade with Central and South America and the Islands of the Sea, must have witnessed those conditions with the greatest impatience. The people of all those countries had a common interest with the people of the United States. Alluding to the late Pan American congress; Mr Hale said that it it proved that the same considerations which had their influence in the United States were also moving in the minds of the eminent men from the sister republics who took part in the proceedings of that congress and that they pointed to one sure inevitable end the increase of trade and commerce between the United States and those people. Those considerations which applied to an extension of trade and an increased interchange of products, applied not only to the nations of Central and South America, but the Islands of the Spanish main.

Mr. Hale referred to the reciprocity message of President Harrision and to Mr. Blaine's letter and attitude in support of it and to the increasing and earnest discussion of the subject; also to Mr. Frelinghuysen's letter of the 11th of December, 1884, transmitting the Foster treaty with Japan, also to a reciprocity resolution offered in the senate by Mr. Aldrich in December, 1886, and to a report of Mr. Abram S. Hewitt in the house of representatives to carry into effect a convention between the United States and Mexico, which showed that Mr. Hewitt was influenced by the same idea that now prevailed with a vast majority of the American people. Never until this year had it been claimed, said Mr, Hale, that anybody in public or private life, who was engaged in an attempt to broaden the market for American farms and workshops in countries that were not rivals in the same products, was thereby opposing the system of protection to American labor. That had never been claimed until now.

Mr. Hale quoted an in support of his position, described as "protection extended," an article from the New York Tribune, and he asked whether the disastrous experiment that had been tried in 1872, when the duty on coffee was removed, was to be now repeated in the article of sugar. He also read extracts from Mr. Blaine's two letters to Mr. Frye, and commented upon the fact that while the balance of trade was very largely against the United States in many countries, the result was much more favorable in regard to Mexico, where the United States imports were nearly as large as the exports. This was, he said, largely because of the opening of railroad communication with Mexico, and that fact bore on the necessity for the passage of the steamship and postal subsidy bills, passed some weeks ago by the senate. With the reciprocity proposed in his amendment, and with these bills enacted into law, the increased interchange of products would inevitably follow.

HELD UP A TRAIN.

Bandits Rob an Express Car Near Montgomery Ala.

MONTGOMERY, Ala., Sept. 2.—At 11 o'clock last night robbers held up a passenger train on the Escambia river bridge, a few miles north of here. They climbed on the engine and compelled the engineer to stop on the bridge and then went to the express car which they went through, getting a very large sum of money. It is reported that the express messenger, Archid Arkel, killed one of robbers, but this is not confirmed.

Bad Wreck.

ST. PAUL, Minn., Sept. 2.—The Northern Pacific railroad officials, late last night, got word of an accident to the passenger train which left Tacoma yesterday afternoon. When four miles east of Eagle Gorge, about sixty miles from Tacoma, the train struck a broken rail, derailing the truck of the engine and several coaches. Several passengers were injured, but no names have been received.

Fatally Caught.

ELKHART, Ind., Sept. 2.—Phineas Devill, a switchman in the Lake Shore and Michigan Southern yards here, caught a foot in a frog, and before he could free himself he was struck by an engine and killed. He came here from Tecumseh recently, was a printer by trade, and leaves a wife and two children.

HOOSIER HITS.

News of Interest from Various Parts of the State.

The Farmers' Alliance of Henry county has called a mass-meeting for the 13th inst., for the purpose of nominating a county ticket.

Charles Cook, a fireman, near Albion, looked out from the cab of his engine and his head collided with a bridge, killing him instantly.

The Indiana Natural Gas company has been organised at Marion to pipe gas to Chicago, and Patrick A. Elwan heads the directory. Capital stock, $5,000,000.

The fat men of Jeffersonville have organized a ball club, the combined weight of the playing nine being over 3,000 pounds, the smallest man weighing 225 pounds.

The stockholders of the proposed New York, Fort Wayne & Chicago railway held a meeting at Warsaw and elected a directory. John Lee, of Crawfordsville, was chosen president.

Thomas J. Gray and George Gray have been captured at Bradford, Ill., and returned to Scottsburg, as accomplices in the killing of William Boles, for which Sheridan Stoner is now under $10,000 bonds.

The Clay county bank, which is a branch of the United States national bank, of Chicago, will begin operations this week at Clay City. J. M. Starbuck, of Chicago, is president, and J. M. Bowen, of Lynn, cashier.

A hostler who was stabling his engine at Evansville lost control and the locomotive crashed through a coal office and plowed across the street into a brick building. George Mexal, an old citizen, was crushed to death.

Mrs. Helen M. Miller, of Richmond, who married Edward S. Levy in April last, after a limited courtship, is suing to have the marriage annulled, alleging that Levy had a wife living at the time of his union with her. Levy has gone to Missouri.

All the German societies of Evansville will join in celebrating October 6 as the anniversary of the landing of the first German immigrants in America. A monster picnic will be held during the day, with speeches by prominent orators, and at night there will be an imposing historical parade.

Lewis B. Burdick and his two nieces, residing near Hamilton, in Steuben county, have received official notification that they are heirs to $210,000 by the death of Mr. Burdick's grandmother in Scotland. Mr. Burdick is also expecting to receive $4,500 in arrearages of pension from the government.

James W. Sansberry, of Anderson, claims $5,000 damages from the American wire and rod mills because the company is turning the refuse of its mills, which is poisonous acids and lime, into a running stream known as Green's Branch, which flows through the complainant's suburban grounds.

Blows were exchanged at Terre Haute in a quarrel over a game of cards between Captain W. P. Richner and John Taylor, but the men were seperated before great injury had been inflicted. The men afterward met in a hotel, and in another encounter Richner was dangerously stabbed and Taylor was arrested for attempted murder.

Joseph Wright, who was arrested in Indianapolis on a charge of bigamy, but was afterwards released, has been taken in charge by the Madison county authorities, on complaint of the father of his second wife, named Harmeson, living near Anderson. Wife No. 1 declined to prosecute and this was the reason the case fell through in the Marion courts.

The resolution adopted by the African Methodist conference, at New Albany not only condemned the liquor traffic, but also criticised the use of tobacco as demoralizing and unhealthy. It was also ordered that no man should be received into the conference unless he pledged himself to abstain from tobacco, and every minister found violating his pledge should be proceeded against the same as in other branches of discipline.

Fifteen Ponies Killed.

GOSHEN, Ind., Sept. 2.—The eastbound Lake Shore passenger struck a herd of Texas ponies belonging to the Hostetter brothers, near Millersburg, and, though killing fifteen outright and wounding nine others, never left the track. The carnage was frightful, the engine being covered with blood clear to the cab windows. The Texas pony can do about as it pleases with anything except a railroad train. The loss to Messrs. Hostetter brothers, from killed and wounded animals, will be about $2,000.

Platt Refuses it.

NEW YORK, Sept. 2.—Ex-Senator Thomas C. Platt has refused the mission to Spain, made vacant by the resignation of Hon. T. W. Palmer, of Michigan, on account of business relations. In his letter to Secretary Blaine he says; "I shall be content to serve in the ranks, asking no other reward than the proud consciousness of possessing the confidence and esteem of those true republicans, who, like yourself, have made the 'grand old party' immortal."

SENTENCED FOR CRIME.

Judge O'Rourke and Prosecutor Robinson Have a Big Matinee in Court Cases.

A large number of cases were disposed of in the circuit court to-day, Judge O'Rourke presiding. County Attorney J. R. Bittinger appeared for nearly all of the prisoners. The cases were as follows:

State vs. Chas. Brown, Elmer Davis, Thomas Tancey and Thomas King, larceny, plea of guilty, county jail thirty days.

State vs. Michael Birk, burglary; set for trial Monday next.

State vs. Louis Minarik, larceny; plea of guilty; county jail sixty days.

State vs. James Root, larceny; plea of guilty; sixty days.

State vs. Wm. Bernett, larceny; plea of guilty; state prison one year.

State vs. Henry Seibel, larceny; plea of guilty; state prison one year.

State vs. Frank Purcell, larceny; plea of guilty; state prison one year.

State vs. Eden Slater, larceny; plea of guilty; county jail sixty days.

Of the above, Brown, Davis, Tancey and King are sentenced for burglarizing the residences of W. P. Cooper and Charles E. Crall. Birk will have a trial for burglarizing a store at Murray, Ind. Minarik robbed the Press office. Root was caught by ex-Officer Fuchshober for stealing cigars. Barnett stole clothing from the Darrow house. Seibel robbed a street car driver. Purcell was the absconding Diamond hotel clerk. Slater robbed Wah Kee, a Chinaman.

CANNON'S NAME IS DENNIS.

The Republican Congressman from Illinois Will Be Defeated.

TUSCOLA, Ill., Sept. 2.—The effects of the speech made in congress Wednesday last by Congressman Cannon, and the disgraceful scene following, have just begun to be felt throughout his home district. Both republicans and democrats alike censure him in strong language, and the bad break he made will cost him a great many votes among the better class of people, who feel that the Fifteenth district has been disgraced and humiliated by its representative. The outlook at present is that he will lose every county in his district but Vermillion—and the majority in that will be greatly reduced. Gen. Busey, the democratic nominee, will get the soldier vote, as he has a fine war record, while being a farmer will command him the votes of that class. There are fourteen republican newspapers in the district that refuse to support Cannon—and they have a wide influence.

WARRING OVER A MINISTER

Because He Accepted a Prohibition Nomination for Office.

CINCINNATI, O., Sept. 2.—The First Baptist church of this city has become involved in a disagreement concerning their pastor, the Rev. C. M. Lockwood, who was recently nominated for secretary of state by the prohibition party. At a called meeting of the advisory board, Aug. 13, during Mr. Lockwood's absence, resolutions were adopted requesting him to resign. Upon his return this week a church meeting was held at which a vote was taken against his resignation, and declaring the meeting of the advisory board illegal and its proceedings void. There is a denial by those opposing Mr. Lockwood, that their opposition is caused by his candidacy on the prohibition ticket.

Bad Accident.

JOLLIET, Ill., Sept. 2.—The pleasant observance of the holiday yesterday, was marred here by a frightful accident. On the way to the grounds, when midway up Morgan hill, one of the trailers to an electric street car came uncoupled and sped down hill at a terrific speed. Men, women and children leaped off, and a number were seriously injured. Those seriously hurt are: Miss Josie Caul, ugly cuts and bruises on head, neck, and back; Miss Mary Caul, cut and internally injured; Mrs. Henry Brock, internal injuries; August Bischman, arm badly sprained and head cut.

Mrs. W. J. Pomeroy, of 193 High street, left for Van Wert, O., to-day.

THE CENTRAL STRIKE.

The State Board of Arbitration Investigating the Differences Between the Road and its Employes.

NEW YORK, Sept. 2.—At 10 o'clock this morning the state board of mediation and arbitration began their investigation into the strike on the New York Central railroad. The sessions of the committee will be held in the unoccupied room of the court of common pleas in the new court house. Vice-President Webb will be present, attended by Mr. F. Loomis, general counsel of the road, and Mr. Powderly will be accompanied by his legal advisor, Gen. Roger A. Pryor. More than fifty witnesses have already been subpoened by the Knights of Labor. Messrs. Devlin and Wright, after a careful inspection of the Hudson freight service from Albany to Buffalo, assert that the blockade grows steadily more formidable, and that the company is losing thousands of dollars daily.

NEW YORK, Sept. 2.—Messrs. Purcell, Robertson and Donovan, of the state board of arbitration to-day began their investivation of the causes of the strike of the New York Central and Hudson River railroads. Walter Webb, third vice-president of the company, appeared with Frank Loomis, counsel for the road, and Hamilton Harris, of Albany to advise him. Gen. Roger A. Pryor was present as counsel for the Knights of Labor. J. J. Holland and A. W. Wright, of the general executive board of the knights were also present.

Vice-President Webb was called and said: "The company has no controversy, nor has it had, with any of its employes. On August 8 a number of our employes voluntarily left our service. Since then their places have been filled and the road is operated successfully. The cause alleged for these men leaving was because seventy-eight men of the 22,000 on the road had been discharged because they were Knights of Labor. These men were discharged by my order for good and sufficient causes. The company had a right to discharge any of these men without giving reasons for so doing. On the 9th of August J. J. Holland called upon me as a representative of the Knights of Labor to talk the matter over. I refused and have done so each time a proposition has been made to me since."

On being cross examined by General Pryor, Mr. Webb said the men had been discharged for lack of employment and unsatisfactory service. His knowledge was obtained from the secret service bureau of the road. Witnesses could not produce the reports made by his secret service as they were not now in existence. A question by General Pryor as to whether the road had ever discussed the policy of employing Knights of Labor men, was not allowed by the board. Mr. Webb was then asked why he first arranged for the employment of Pinkerton men. Mr. Harris objected, but the board held the employment of them to protect its property was a matter of public interest and not a private matter. Thereupon Mr. Harris directed Mr. Webb not to answer.

On being asked if he ever requested aid and protection from the police before he employed Pinkerton men, Mr. Webb said that he had not. This ended the testimony for the Central.

Wm. A. Halentine, master workman of assembly No. 10,549, and one of the discharged employes, was the first witness for the knights. The witness received a writ, or communication from the assistant superintendent, which stated that his services would not be required after August 4. In a rambling way the witness told how he had been cautioned not to appear too prominently as a Knight of Labor, as it would interfere with his promotion.

Dennis McCarthy, train baggage man, testified that he was discharged on July 31. In August he asked Mr. Toucy if his discharge was final. Then Mr. Toucy accused him of being one of the "kickers" and a Knight of Labor.

E. J. Lee, master workman of district 246, testified that district 246 ordered the strike because the company had violated an agreement with the men in which it was agreed to give the reason for all discharges.

Witness had always performed his duty faithfully. On August 8 Mr. Toucy told the witness that he was an agitator and would not be taken back.

BUFFALO, N. Y., Sept. 2.—When Division Superintendent Burrows was asked if he would take back the striking switchmen; he said: "They will never work another day for the New York Central road while I am here. The new men are doing better work than the old ones ever did. Get them to go away? Suppose they do. What of it? It won't do them any good. I tell you they can't come back, and if the new men leave us, why all well and good; there's plenty other men who want their places. The strikers can pursue that sort of tactics as long as they please, and I'll keep on filling the vacancies with new men."

CHICAGO, Sept. 2.—A committee representing the passenger and freight conductors of the Chicago and Northwestern railway and all its auxillary lines, except the Chicago, St. Paul, Minneapolis and Omaha, was in Chicago yesterday in consultation with General Manager J. M. Whitman regarding an increase of pay. At present the men are paid from $75 to $90 a month, but they demand a scale on the basis of $125 a month for the highest paid men. The conference was entirely harmonious and the request of the men was taken under consideration.

A MICHENER TRICK.

How the Farmers of Wells County Have Been Hoodwinked.

BLUFFTON, Sept. 2.—The convention called by the F. M. B. A. for the purpose of nominating a county ticket was in session last Wednesday with closed doors, in this city. Great excitement prevailed when a motion to nominate a ticket came up. All the democratic farmers were opposed to nominating a ticket, and chose John Anderson as their chairman. The motion was put before the convention whether to nominate a ticket or not. A vote was taken and the majority opposed it. They then adjourned. This did not satisfy the leaders of the g. o. p., and they called another meeting, at which only a few democrats were present. At this meeting a ticket was nominated as follows: Representative, John Pond; clerk, N. W. Short; auditor, George O. Merriman; treasurer, John W. Markley; sheriff, Henry Colburn; recorder, James Deaver; surveyor, Clarence Wolf; coroner, W. E. Harvey; commissioners, Nathan Cory and George E. Trenary.

Only two of these gentlemen are democrats, while the others belong to other parties. The republicans will not place a ticket in the field, but it is thought they will indorse the above ticket, and they in return are expected to support the g. o. p. nominee for state senator.

THROWN FROM THE TRACK.

Two Persons Killed and a Number Injured by a Railroad Accident.

HOT SPRINGS, Wash., Sept. 2.—A terrible accident occurred on the Northern Pacific last night, four miles from Eagle Gorge. Two persons were killed and eleven others injured. The east bound passenger, No. 2, was thrown from the track by a broken rail, and the mail, express and baggage cars, smoker, emigrant car, and the coaches were thrown from the track.

The names of the killed are: Ben Young, umpire of the Northwest league; J. D. Keppler, of Red Bluff, Cal. The names of those injured are: E. W. Healy and wife, Tracey, Minn.; Mrs. Dr. A. H. Fowler, Holyoke, Mass.; V. G. Frost, Ellensburg; E. T. Furnish, Tacoma; Judd Randall, Glenville, Minn.; George Brahsky, Spokane Falls; R. S. Campbell, Oregon; G. H. Woodson, a tourist; Geo. E. Purple, Edgemoore, Mich. Physicians have been sent from Ellengsburg and a special train will bring the wounded to this city.

EIGHT HOURS.

President Wm. Watkins Delivers an Address at Liverpool.

LIVERPOOL, Sept. 2.—At the opening of to-day's session of the trades unions congress President Wm. Watkins delivered an address. He said that the time had undoubtedly arrived when an energetic attempt should be made to secure eight hours as a day's work. He did not advocate that a measure should be forced through the house of commons immediately, irrespective of the wish and desires of the industries affected, making eight hours a day's work, but he saw no reason why such a concession should not be made immediately to the occupations which unmistakably wanted it. He advocated a direct representation in parliament, a control of the railroads by the nation, and the solution of the land question by nationalization.

Republican Clubs.

SARATOGA, N. Y., Sept. 2.—The republican club convention is to meet here on Thursday. Among the prominent persons already on the ground are Judge Thurston, of Nebraska, chairman, and A. B. Humphrey, of New York, secretary. The semi-annual meeting of the executive committee will be held this evening and Wednesday, when plans will be formulated for assisting in the selection of republican members of congress in November.

Charged With Perjury.

BATH, N. Y., Sept. 2.—A great sensation has been created by the arrest, on a charge of perjury, of James O. Seabring, a well known democratic politician and able lawyer of Hammondsport. Seabring was the democratic candidate for district attorney of Steuben county last fall. The charge of perjury is made in connection with his professional duties. Examination was waived and Seabring was held for the grand jury.

Portugal's King.

LISBON, Sept. 2.—King Charles is suffering from an attack of typhoid fever, the result of drinking polluted water. The attack is not severe, and no alarm is felt regarding his condition.

Hargrave Nominated.

ATLANTA, Ga., Sept. 2.—Zachariah B. Hargrave was yesterday nominated for congress by the republicans of the Seventh district. Hargrave is postmaster at Rome.

A BRISK START.

The Circuit Court Opens the September Term Auspiciously--Court Cullings of Interest.

Although yesterday was the day the circuit court was legally convened for the September term by Judge Edward O'Rourke, the court was not kept open because it was Labor day, and the court house officials recognized it as a holiday. The court opened to-day, however, in full blast.

COURT CULLINGS.

Amos Strack enters suit against James R. Godfrey et al. for partition of real estate.

Augusta Frederich, through her attorney, C. W. Kuhne, enters suit in the circuit court for divorce from Heinrich. Abandonment is alleged.

Lulu Wells, through her attorney, J. R. Bittinger, enters suit in the circuit court against Willis for divorce. Abandonment, failure to provide, and drunkenness are alleged. The plaintiff asks for custody of Rosa, her one year old daughter.

John W. Stine enters suit in the circuit court against John Boswell, complaint on note, demand $299. Randall & Vesey for plaintiff.

Frank M. Watkins enters suit in the superior court against Elmer E. Harr, Wm. A. Zimmerly and Fred Helling, complaint on note, demand $500 and foreclosure of mortgage. O. N. Heaton is attorney for the plaintiff.

In 'Squire France's court yesterday the suit of Mannix vs. Ward was settled by the defendant paying judgment and costs.

George Benton commenced suit against Henry Newhouse yesterday for $15 on account, before 'Squire France.

In the case of Jennings vs. Herod, possession of real estate was granted and judgments amounting to $10 rendered by 'Squire Hays.

Harry Canrch was fined $1 and costs yesterday by 'Squire France for provoking a Miss Meyer.

'Squire Ryan fined John Smith (real name unknown) $1 and costs for provoking John Wonderlee. Smith plead guilty.

SIX DROWNED.

A Yacht Capsized Just Outside the Golden Gate.

SAN FRANCISCO, Sept. 2.—The sloop yacht Petrel, Capt. Wm. H. Hoy, was capsized just outside the harbor yesterday, and six persons who were on board are all supposed to have been drowned. They were Captain and Mrs. Hoy, Miss Wallace, the daughter of a Presbyterian clergyman of this city, and a lady and her two children, whose names are unknown. The bodies of two of the women were seen by some fishermen floating near the capsized yacht, but owing to the high seas they were unable to get near them. The bodies of the others are supposed to have been carried out to sea by the tide.

LONDON, Sept. 2.—A dispatch received here states that the steamship Portuenz, from New York and Baltimore, for Para, founnded near Anegada, one of the West India islands. Nineteen of the crew were saved. The captain, first and third officers, chief engineer, two stewards, boatswain, carpenter and fireman are missing.

DULUTH, Minn., Sept. 2.—There is absolutely no truth in the rumor that the ferry boat Mayflower sank, with fifty people on board, during last night's run.

MAY CURE AN INFANT.

But the Medicine Was Death to an Adult—Mrs. Arbes' Terrible Agony.

NEW YORK, Sept. 2.—Mrs. Fitz Arbes, who lived with her daughter, Mrs. Catherine Zadick, at No. 311 East Fifteenth street, died in terrible agony yesterday afternoon after having drank a quarter of an ounce of medicine put up by Druggist Albert Kirchman. Dr. Lesser, of East Fifteenth street, who had been called in to treat the infant child of Mrs. Zadick for gastric trouble, prescribed a minute dose of a preparation, the major portion of which was aconite. The medicine was put up in a bottle bearing a German label. Mrs. Arbes, who was also unwell, concluded to try the medicine. This she did with the above result. Mrs. Zadick, too, tasted the drug. Dr. Grieber, who was hurriedly sent for, arrived too late to aid Mrs. Arbes, and only succeeded in saving the life of Mrs. Zadick by the use of powerful antidotes. Coroner Levy investigated the case and decided that there was nothing upon which to hold Dr. Lesser.

JUVENILE FIENDS.

Murderous Exhibition of Youthful Depravity by Two Warsaw Lads.

WARSAW, Sept. 2.—A case of juvenile fiendishness has been discovered in this city. Two lads, Roy Ralston and Arthur Overhulster, aged sixteen years each, on Saturday enticed Carl Bolenbaugh, a little boy six years old, into a box car on a side track in the outskirts of the city, and beat him with switches and clubs so unmercifully that the little one's life is despaired of. No reason is assigned other than pure devilishness. The young assailants are in jail.

Startling Discovery.

The discovery by the inhabitants of a locality hitherto unvisited by the pestilent scourge of fever and ague, that it exists in their very midst, is decidedly startling. Such discoveries are made at every season, in every part of the Union. Subsequently, when it is ascertained, as it invariably is at such times through the wonderful experience of someone who has been cured, that Hostetter's Stomach Bitters is a thoroughly efficacious eradicator of the malarial poison and a means of fortifying the system against it, a feeling of security and immunity reigns throughout the whole neighborhood. Besides the febrile forms of malarial diseases, dumb ague and ague cake are removed by the potent action of the Bitters, to which is also given its sanction as a remedy for rheumatism, dyspepsia, constipation, biliousness, general debility, kidney troubles and all diseases impairing the organs of digestion and assimilation.

1666—Great fire in London; burn 3 days, destroying 89 churches and 13,200 houses. Year of the black plague.

1792—Beginning of the Reign of Terror in France; the slaughter continued for five days in and about the prisons of Paris; the leaders of the massacre were Danton, Marat and Robespierre.

1807—Copenhagen bombarded by the English fleet under Lord Cathcart.

1809—Birth of Murat Halstead, journalist, in Paddy's Run, O.

1864—Sherman occupied Atlanta, Gen. Hood retiring.

1870—Capitulation of Sedan and surrender of Napoleon to the king of Prussia. Battle at Strasburg.

1871—Communists in France sentenced to death and transportation.

1884—Death of Hon. H. B. Anthony, U. S. senator from Rhode Island; born 1815.

1890—Thirty-four vessels wrecked by a cyclone on Campeachy coast.

LABOR day in this city was a success.

LABOR DAY has come and gone. The next great event for Fort Wayne is the Northern Indiana fair.

THE democratic congressional convention for this district met to-day at La Grange and nominated our next congressman.

THE annual reunion of the eighty-eighth Indiana volunteers will be held at La Grange, on Tuesday, October 7, 1890. Capt. A. H. Dougall, of this city, is the adjutant of the regiment.

MRS. LIVERMORE says that her husband is a republican, while she is a prohibitionist; he is a protectionist, while she is a free-trader; he has a pew in one church and she in another; he has one doctor, she another; and yet they are happy and harmonious, and never dream of quarreling.

THE Lutheran families of this city entertained the visiting delegates to their conference, which adjourned yesterday, in a handsome way, and next Sunday the pastors of the three German Lutheran churches will read from their pulpits the vote of thanks of the conference for the hospitality extended to the visiting ministers.

ON Saturday last, at his home near Bluffton, occurred the death of G. H. King, county commissioner of Wells county. His death was the result of the LaGrippe, from an attack of which he never fully recovered. In the fall of 1888 deceased was elected by the democratic party as county commissioner, the duties of which office he assumed in December of the following year. He was wide and favorably known.

SUPT. JOHN G. BLAKE, of the feeble-minded institution, was at Plainfield over Sunday attending the jubilee meeting of reform schools at that place. The Indianapolis News, in speaking of the event, says: "Jubilee meetings were held at the Plainfield reform school Saturday night and yesterday. They were entirely impromptu, but nevertheless hearty. John G. Blake, ex-chaplain, now superintendent of the Fort Wayne state institution for feeble-minded, happened in unannounced Saturday night and was magnificently received by officers and boys. Miss Laura Ream was a visitor and contributed to the entertainment. Yesterday two meetings were held and a large company of visitors was present. Lieutenant Governor Chase came over in the afternoon and made an unusually felicitous speech to the boys in an open-air meeting. Bishop Blake was at his best; the boys sang with great spirit; Miss Ream was again drafted into service, and though protesting that she was not a speaker, demonstrated that she was a thoroughly entertaining one."

THE LUTHERANS.

The conference of German Lutheran ministers, that had been session at St. Paul's since last Thursday, adjourned last night, to convene in Chicago in 1891. The topic discussed yesterday was the mutual aid societies inside of Lutheran congregations, that have lately been disturbing the peace and unity of some of the Lutheran churches.

The following thesis, being the third of the series, was finally adopted, and the unanimity with which it was carried is evidence that the question was sufficiently ventilated and thoroughly understood:

Although it is not sinful in itself to promise or lend mutual assistance governed by contract in christian congregations, yet since societies for the purpose of mutual assistance are fraught with manifold dangers over against both the entire congregation and the individual members of such societies, so that, for instance, either assistance stipulated by contract may in general insinuate itself into the province which, according to divine ordinance, must remain open to christian charity and benevolence, or that the unity of the congregation be disturbed, or christian discipline be prejudiced, or inducement be given toward connection with the church from impure motives, or trust in God and resignation to his divine dispensations be impaired with the members of such societies: Therefore, we most earnestly dissuade from such associations.

WISCONSIN TO GO DEMOCRATIC.

The democratic campaign in Wisconsin this fall will be sharp and lively from start to finish. The democrats go into the campaign with three good issues—opposition to the Bennett law, the disposition of the interest on money in the state treasury, and the tariff. Well posted republicans admit that on either of the last two issues their majority in the state would have been reduced. Their strength, therefore, when taken together and added to that of the Bennett law can be easily estimated.

But it is on the Bennett law issue that the republican lines are most badly broken. They might resist the defection on the tariff or stave off the treasury matter by promises of amendment, but the Bennett law has to be faced. It was hoped that the platform adopted by the republican state convention would prove satisfactory to the German Lutheran republicans. This hope, which expressions from Lutherans after the convention reduced steadily, was entirely snuffed out by the action of the Lutheran anti Bennett law state committee that met Friday and declared unequivocally against Gov. Hoard, cruelly adding a promise to defeat him. Hereafter in all estimates of fighting forces, the Lutheran voters will be put in the democratic column. Their action is not at all surprising, as they had declared from the first that they would be satisfied with nothing less than the repeal of the law.

What the German Lutheran vote amounts to is and will be from now on a matter of much dispute. Republican authorities estimate it at 8,000. On the other hand Lutheran authorities who are in a position to know say it is 15,000, or even higher. The republican majority in the state, with the Lutheran vote included, has been 20,000. The transfer of that vote, placing it even at a conservative estimate, would, it can readily be seen, wipe out the republican majority.

IN THE FAR WEST.

The Trip From Denver, Col., to Ogden, Utah, Graphically Told by a Lady Writer.

Mr. and Mrs. John Ervin, of this city, are taking a trip through the west, and in a letter written to friends in this city by Mrs. Ervin, giving a description of their journey from Denver, Col., to "the land of the Mormons," we are allowed to take these interesting extracts:

OGDEN, Utah.

Dear Brother and Sister:—As I have nothing to do this afternoon, I will while away the time by writing you. Of course, you know by this time that we are located in Ogden, Utah. We like it here very much. And, oh! what a delightful trip we had coming here from Denver. I never thought to enjoy such delightful climate or lovely scenery. How I wish I could describe our trip through the mountains; but words cannot do it. On our route we passed through what is known as the Black canon; but there is nothing black about the canon, except the shadows of the towering walls. The cliffs show bright and happy colors, gay contrasts of pink and blue, bright red and maroon, dashed on here and there with the master freehand sweep of some scene painter. The scene is kaleidoscopic, constantly changing. The train rolls along this canon between high and exalted walls—so high that you strain your very eyesight to see the top. And just think, walls of solid rock and stone. Then we come to a stream of water white as wool, pitching from the top of a precipice 2,000 feet above us to the bosom of the sparkling river which dashes along the road.

Then suddenly we passed the mouth of another canon, which looked as if it were the gateway to an unroofed arcade, leading from the pathway of a monstrous giant. I don't believe that in all the world there can be a place so beautiful, imposing, sublime and awful, as the Black canon.

But soon a new marvel demanded our attention. The ascent of Marshall pass. (I forgot to mention that on our route through the Grand canon and other delightful scenery, we occupied the tourists's observation car). We began the ascent of Marshall pass. We had gone through the mountains, now we were to go over them. Two powerful engines puff vigorously and take us spinning up this marvelous road, climbing grades of 400 feet to the mile, and when the summit was reached we were 11,850 feet above the distant sea. The train paused, and our eyes swept the prospect as far as vision could reach. Wonder at the triumphs of engineering skill was strangely mingled with the feeling of awe and admiration at the stupendeous grandeur of the scene. Then we began our descent. One engine held the train in check. There was no smoke or cinders. The brakes, skillfully applied by the engineer, controlled the power of gravitation, which was the only force needed to carry the train along.

Then we entered the grand canon, fifteen miles in length—seven miles of wonder. On our right boiled and surged the Arkansas river. To the left are cliffs, jutting in places above the track, and rising to awe-inspiring heights. The track is situated on a high shelf as it were, and it seemed at every curve as if the engine would dash itself to atoms against the rocks. But each time a slight turn is made, and the promontory is passed in safety. We soon found ourselves in the heart of the mountain. Peak upon peak rose above, until their summits seemed to touch the sky. After beholding all this marvelous scenery, I have a superlative comparison for all that is wonderful and grand in nature. I have seen something I can never forget. I thought when we visited Manitou the scenery was something wonderful; but it was no comparison to what we passed through on our journey to Salt Lake.

The Indians seem to be quite numerous still in Utah, but are not very warlike, but quite peaceable. They have hot springs about six miles from Ogden, a great bathing resort. John went to the springs last Sunday. He says they are great. I will go some afternoon and will tell you about my first experience in bathing, swimming and diving, when I write again. I would be afraid to enter the water; but they tell me people can not sink there, because the water is salt. I know you are tired of all this description of the west, but I am very enthusiastic about this country, and can not keep from expressing some of it.

A FATHER, when his daughter became a bride, gave her a golden casket with the injunction not to pass it into other hands, for it held a charm which in her keeping would be of inestimable value to her as the mistress of the house. Not only was she to have the entire care of it, but she was to take it every morning to the cellar, the kitchen, the dining-room, the library, the bed-room, and remain with it in each place for five minutes, looking carefully about. After the lapse of three years the father was to send the key, that the secret talisman might be revealed. The key was sent. The casket was opened. It was found to contain an old parchment, on which was written these words: "The eyes of the mistress are worth one hundred pairs of servants' hands." The wise father knew that a practice of inspection followed faithfully for three years would become a habit and be self-perpetuated—that the golden casket and the hidden charm would have accomplished their mission.

DR. RICHARDSON cites the Jews as a living example of sobriety. The remarkable vitality of their race strikes him as something astounding. Oppressed by cruel laws in the past, and living in abodes where others have died, yet they contrive to exist. The explanation, according to this indefatigable apostle of Hygeia, is that which was given by Haller, a leading German doctor of the last century. It is, that they lead as a rule, simple lives, and e mindful of the expressive maxim in roverbs, "Wine is a mocker." Dr. Herman Adler has pointed out that, although Judaism does not denounce the taking of wine in moderation, there runs through the Hebrew literature the strongest condemnation of intemperance. It is, however, we are told, a mistaken idea that during Passover Jews are forbidden to take fermented wine. What is forbidden is the product of fermented grain, for which reason strict Jews at such a time are restrained from the use of such liquors as whisky.

J. W. FUNK, a farmer of Heyworth, Ill., is one of the 14,000 inventors who are competing for the prize of $125,000 offered by the Government of New South Wales for the trap which may be decided to be the most likely to be effective in ridding that country of its fearful pest of crop-destroying rabbits. He has received a letter from Australia saying that the committee which is to decide the matter has looked with favor upon his model, and inviting him to visit Australia and demonstrate the working of the trap. He will probably do so in a few weeks. The trap is simple and cheap. It is a device to dump the rabbits, one at a time, into a pit by means of a platform swung on pivots below a suspended bait. In a trap of similar device he caught fifty-seven rabbits in one night in a cornfield.

BRUSSELS, not content with having more beautiful public buildings than any other European city save Paris, has now determined to rival Paris itself. King Leopold has just laid the foundations of an arch of triumph one-third larger than the celebrated one in Paris, and it is announced that this gigantic work will be completed by the close of the century. Brussels already has the most monumental court house in all Europe—a magnificent pile, which cost vast sums of money and which contains some superb halls. The Paris triumph arch cost $2,000,000; that of Brussels is to cost $3,000,000. It will be richly ornate with sculptures, some of which will be of gigantic proportions.

Royal Baking Powder

ABSOLUTELY PURE

Easily Spotted.

[By George Oppelt.]

When'er you meet a man whose face
Is very sadly patched,
As though he'd fallen through a hedge
And had it fiercely scratched,
Oh, do not dare to ask of him
The source of all his woe;
He's one of those who thinks that he
Can shave himself, you know.

WHAT is it to "tiddly-wink?" We do not know; but whatever it is, at any rate the Supreme Court of Victoria has decided that it is not libelous. A colonial newspaper charged a fine councillor with having "tiddly winked the shire funds." Litigation ensued, and the matter was carried on appeal to the highest tribunal in the colony, with the aforesaid results. Some fifty English dictionaries were brought into court to enable the Judges to ascertain what was the real meaning of the word, but "tiddly-winking" was not discoverable in any of them. So they accepted the definition of a witness, that the phrase conveyed to his mind the idea of "using little dodges to obtain one's own ends." An imputation of that sort, the court decided, was not necessarily libelous.

A CURIOUS incident regarding a strait occurred during the Russian war: It would have been ludicrous, if anything can be ludicrous connected with war. Commodore Elliot was blockading a Russian squadron in the Gulf of Saghalin, on the east coast of Siberia. Thinking he had the Russians in a *cul de sac*, he complacently waited for them to come out, as the water was too shallow for him to attack them. As the enemy did not come out he sent in to investigate, and found, to his astonishment, that Russians and ships had vanished! While he had been awaiting for them in the south they had quietly slipped out by the north, teaching both him and the British government a rather severe lesson in geography, as it had been thought that Saghalin was an isthmus; and they were totally unaware of a narrow channel leading from the Gulf to the Sea of Okhotsk.

THERE is nothing pleasanter to use as a cure for rough or sunburnt skin than slices of raw cucumber. It is a much cheaper remedy than any of the preparations in bottles, and the best way is to cut off a slice and rub the juice well into the skin and then dry with a towel.

THE CENTAUR COMPANY, 77 Murray Street, N. Y.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

We now offer Best Extra C., 5c. Best Standard A., 6½c.

COFFEE, COFFEE—Rio, Java, Mocha and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 22c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

Best Rio Coffee, 22c. lb. Choice Old Govt. Java, 28c. lb.
Best Green Mocha, 30c. lb. Best Roasted Rio, 25c. lb.
Best Roasted Java, 33c. lb. Best Roasted Mocha, 35c. lb.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The low price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our method—selling large quantities at a small profit, for we purchase direct of the importer and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

Young Hyson Tea, 25c., 30c.; best, 50c. lb.
Oolong Tea, 25c.; best, 50c. lb.

It is only when a man begins to dictate his letters that he finds out how poorly he can talk.

A CAIRO bachelor, who, the advertiser said, was "eighty-seven years old, but rich," has received 250 applications from ladies willing to be his wife—and risk his dying pretty soon.

DOMESTIC servants are so scarce in Montreal that women in want of help are said to visit the jail with a view to engaging young women to work for them at the close of their term of imprisonment.

AN extraordinary case of matrimony in India is reported. A boy less than ten years old has received from a Brahmin of Bengal the Brahmin's six aunts, eight sisters and four daughters in one batch. A baby bride was brought to the ceremony on a brass plate.

THE Mexicans and Indians in Texas say that every animal has brains enough to tan its own skin, and so the latter, in the case of the wolf, panther, wild cat and some other animals, is mainly prepared by rubbing into the flesh side of it the brains of its former wearer.

THE ancients designated the seven metals by the names of planets, because each was supposed to have some hidden relation, each being denoted by a particular symbol, representing both planet and metal. Gold was the sun; silver, the moon; mercury, Mercury; copper, Venus; iron, Mars; tin, Jupiter; lead, Saturn.

THE Canadian weather-seer, Wiggins, thinks that tornadoes result from the effort of imprisoned lightning to break its fetters. He thinks a town thickly woven with overhead electric wires is in no immediate danger of destruction by cyclones. The struggling lightning, when it comes into contact with these conductors, will take to them, and go and hide itself in the ground. Great Wiggins!

B. DEAN, of Jonesboro, Ga., has a block from a garden-gate post that was hewn out and placed in the ground in 1804. He made a visit to his sister in Baldwin County, and it was at her home that he secured the block from the aged yet serviceable post. The post was hewn out of a light wood tree, and is perfectly sound to-day. Mr. Dean says it is good for another eighty-six years and perhaps longer.

A European horseshoe is composed of three thicknesses of cow skin pressed into a steel mold and then subjected to a chemical preparation. It is claimed for it that it is much lighter, that it lasts longer and that split hoofs are never known in horses using it. It is perfectly smooth on the bottom, no calks being required, the shoe adhering firmly on the most polished surface. That ought to be a great shoe for asphalt pavements.

IN a short time the *Sun*, the *Times*, the *World* and other New York dailies are to begin the use of typesetting machines. It is also announced that the printer of the *Century Magazine* is to have his typesetting done by machinery. A syndicate of book publishers has also made arrangements to put fifty or a hundred typesetting machines into a co-operative office, where all the body matter of cheap publications issued in New York will be turned out.

STANLEY said on one occasion: I have always found tobacco a solace and an aid to concentration. I remember on one journey down the Congo we were just about to enter a most dangerous country. I knew that a fight was inevitable, and I told my men to make ready. I took an observation, lighted my pipe, and smoked for five minutes to settle myself for action. We were fighting for our lives a few minutes afterward, and the battle went on for hours. Livingstone never smoked.

A CURIOUS anæsthetic used by the Chinese has recently been made known by Dr. U. Lambuth in his third annual report of the Soochow Hospital. It is obtained by placing a frog in a jar of flour and irritating it by prodding it. Under these circumstances it exudes a liquid which forms a paste with the flour. This paste dissolved in water has well-marked anæsthetic properties. After the finger has been immersed in the liquid for a few minutes it can be cut to the bone without pain being felt.

MISS MATTIE HESTER is the United States mail-carrier over the route from Condar, Laurens County, to Lothair, Montgomery County, Georgia, a distance of forty miles through a sparsely settled region, which she traverses three times a week. She drives her own mail-cart, carries a revolver, and is punctual as the sun at all seasons and in all weathers. Besides transporting the mails, she manages a farm, gets out lumber, splits fence rails and contrives to support a widowed mother, two younger sisters and a brother, while she is not yet twenty years of age.

THE "gamelle," a kind of tin mug in which the French soldier receives his rations, and which he carries on his knap sack, has at last achieved notoriety. When the young Duke of Orleans came before the court, and exclaimed: "I ask for nothing but a gamelle," meaning nothing but the treatment of a common soldier, the public readily seized upon the emblem. Scarcely three days had elapsed before a great jeweler of the Rue de la Paix had hundreds of "tin mugs" in silver, gold and jewels as pins and badges, which sold immediately as the "tin mug of Orleans," and were worn all over Paris. A popular florist designed a vase in the shape of the "tin mug," and presented the first specimen to the Prince, who sent it to his bride, Margaret de Chartres, filled with roses and lilies of the valley. In the meanwhile all Paris is sporting the soldier's tin mug in the tri-color, and the young Duke has left a fashionable ornament to remember him by.

THE French newspapsr originated in rather a peculiar way. During the early part of the seventeenth century a physician named Renaudot resided in Paris. He was an inveterate gossip, and owed much of his professional success to his reputation as a collector of news, patients seeking him as much to obtain tidings of what was going on in the world as on account of his medical proficiency. In order to increase the number of his patients he obtained permission from the Government to print a sheet every week for distribution among his clientele. The first of these sheets appeared in 1632, and so great was their popularity that the ingenious physician soon had many imitators. The first publications in all countries were in the nature of news letters—irregular, ephemeral sheets, with irresponsible editors; next followed the weekly, and finally the daily.

J. M. HERING, of Sutter County California, has been granted a patent on an agricultural machine which ought to revolutionize something or other, inasmuch as it combines digging, subsoiling, pulverizing, plowing and harrowing; and in addition to this, when curfew tolls the knell of parting day and lowing herds wind slowly o'er the lea the operator can convert it into a tent or living-house and "put up" in it all night. The object is to provide a complete farming machine, adapted to large farms, where hotel and boarding-house accommodations are distant from the ground to be worked.

The Great Benefit

Which people in run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparilla builds up in a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.

HOUSEHOLD WORDS ALL OVER EUROPE.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial*, or, still better, a comparative test with whatever other cocoa it may be; *then* VAN HOUTEN'S COCOA *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health*, says: "Once tried, always used."

To avoid the evil effects of Tea and Coffee, use only VAN HOUTEN'S COCOA, which is a STRENGTHENER of the NERVES and a refined nourishing beverage. [52

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,
OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 788. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ---------- DOLLARS.

$578,345 00/100 — DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. Y. A. — E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Rev. S. A. Northrop had large printed banners in front of his church, the Baptist Tabernacle, yesterday expressive of the welcome that he extends to the laboring men to attend divine services at his sanctuary. While the parade was passing, Pastor Northrop stood upon the steps of the church and nodded to the many he knew in the ranks.

The regular Temple season opens up next week, and commencing Monday, the following plays will be given: "Beacon Lights," "The Silver Age," and Haulon's "Fantasm." "Beacon Lights," the first to hold the boards, is a well constructed drama, with intensely interesting situations, and the company producing the play is in the main a strong one. The production is mounted second to none, and the scenery used is all transported by the company.

The ball closing the festivities of Labor day, given last night at the Princess rink, was an interesting occasion, over 700 people being present. The dance program consisted of twenty-four numbers, and it was a late hour before it was completed and the guests returned to their homes. The best of order and good fellowship prevailed throughout. The reception was under the supervision of the following committees: Arrangements—F. H. Rohrer, C. O. Miller, H. C. Lenhard. Floor—S. G. Throckmorton, chief; George Oppelt, assistant chief; William Reinewald, H. A. Imbody, Charles Yeakley, Joe Buyer, George Miller, Aug. Knoche, W. W. Watkins, E. Reidorf. Reception—P. Rapp, J. THE COUNTY'S INSANE.

Clerk J. J. Kern Interviews the Superintendent of the Richmond Asylum.

County Clerk Jacob J. Kern has returned from Richmond, Ind., where he went to interview Dr. Wells with reference to the future disposition of Allen county patients. Mr. Kern was accompanied by Superintendent John Wilkinson, of the county asylum. It was learned that of Allen county's insane, numbering 140, but half of them would be accepted at Richmond, the quota not exceeding seventy. Mr. Kern states that if Indianapolis does not unload the Allen county patients there would be no difficulty felt, but the authorities there seem to be anxious enough to unload. At any event, the erection of a new ward at the county asylum seems to be necessary, and the county commissioners will be asked to have a suitable building put up, as the incurable insane will all be sent back to this county for keeping.

F. Weibel's Display.

F. Weibel, successor to Cosgrove & Snyder, No. 9 Harrison street, had an attractive display of pumps, windmills, etc., on three wagons, making an imposing exhibit in the Labor day demonstration. Mr. Weibel keeps at all times a full line of everything pertaining to his business, and anyone disiring to have a well sunk, or a pump repaired, or a windmill erected, or anything new in well or cistern pumps, buckets, pipe or fittings, may have their orders promptly filled at No. 9 Harrison street.

A MILITARY BALL.

The Rifles Decide to Celebrate their Fifth Anniversary.

The Rifles will celebrate their fifth anniversary early in October, by giving a grand military ball. This will be the third event of the kind given by this popular organization. The First regiment band and orchestra will furnish the music, and a caterer will be employed. Several committees will be appointed at the next meeting of the organization to proceed with the arrangements.

NEW CHIEF CLERK.

John J. Pauley Accepts a Nice Position at the Randall.

"The Randall" has a new chief clerk, John J. Pauley, whose genial countenance beamed from behind the desk of that popular hostelry for the first time to-day. R. B. Hughes, the proprietor, has in Mr. Pauley a young gentleman who is by no means new at the business, having acquired the qualities by years of service at the Robinson, Brunswick and Rich hotels.

CARPENTERS OUT.

Over Six Thousand Men Strike at Chicago for Eight Hours.

CHICAGO, Sept. 2.—The second great strike of the carpenters in this year, went into effect this morning. Of the 8,000 members of the craft in the city, less than 2,000 resumed work to-day, and by to-night it is expected that most of those will have joined the strikers.

The strike is much more general than had been anticipated by either of the employing associations, and far more unanimous than the promoters of it had hoped for.

The men demand the eight-hour day, 37½ cents an hour, and arbitration of all disputes.

The strike differs from the one inaugurated last May in that, any contractor that concedes the terms demanded will be furnished men by the carpenter's council. Last spring the carpenters refused to treat with the contractors except as an association.

ORIENTAL SCENERY.

Elegant Decorations to be Seen in a Pioneer Tea House.

In the spacious quarters of the Union Pacific Tea company, at 102 Calhoun street, is a feast of beauty that has no equal in a public store in the city. A SENTINEL reporter, who dropped in to inspect the new oriental scenery that now adorns the walls, was buttonholed by that genial prince, Manager F. K. Smead. "There is no more paper of this style in the city," said he, "this came from Paris." It looks it. This store is a pioneer tea house, one branch of a great company whose stores are located in all cities of importance in the Union. They have made a special study of the tea and coffee business, and have the knowledge of importing the best teas, and yet do it so that customers can save money and be better suited. The public should beware of imitators and would-be tea men. This house gives to all purchasers useful and ornamental presents. They have their own wagon to deliver to any part of the city. With all of these advantages, why should not the buyer purchase teas and coffees from a tea and coffee house where it is a pleasure to please by furnishing first-class goods.

THE BOSTON STORE.

The only display of ladies' and misses' cloaks and muffs made in the parade was that of Stewart & Hahn, the Boston store, who are to be complimented for their enterprise. They are one of the leading houses in the city and always carry a large and excellent stock of everything in their line of goods. The Boston store is the friend of the workingmen and invite the trade of this class of customers who are treated by their corps of clerks with the same consideration that is given to the rich. Messrs. Stewart and Hahn have everything in the ladies and misses cloaks and muffs line and will always be glad to show their goods to customers.

BLOOMINGDALE MILLS.

The New Proprietors Have a Display in the Labor Day Parade.

In the great army of bread winners which participated in yesterday's grand Labor day parade, the Bloomingdale Mills was represented by a wagon illustrative of their business. Their flouring mill, which is located in Bloomingdale, is one of the industries of the city which has rapidly came to the front since its new proprietors, Messrs. W. H. Brudi & Bro., took hold of it some months ago and it is now turning out the very best brands of breadstuffs, including the "Diadem," "Bond's Patent" and others.

Mr. Brudi brings with him into the milling business the very best of qualifications, having been employed for three years with W. H. Bond, and is thoroughly fitted for manufacturing the very best grades of flour and meal which his firm are now doing.

They are engaged in the wholesale business only, and deliver their goods to the groceries direct, where their customers can at all times find their favorite brands. For this purpose they have a handsome new wagon in use. Deliveries are made daily to their retail dealers, and the consumers of their flour will always find it on sale. The products of the Bloomingdale mills have no superiors, and will always be favorites in the market. Their mill is running day and night to supply the demand.

THE DAY IN CONGRESS.

Senator Hale Speaks in the Senate Upon the Reciprocity Amendment.--Carlisle Against Sugar Bounties.

WASHINGTON, Sept. 2.—In the senate this morning Mr. Sawyer, from the post-office committee, reported the house anti-lottery bill, and gave notice that he would ask for its consideration as soon as the tariff bill was passed. The tariff bill was then taken up, and the sugar schedule was considered. Mr. Carlisle gave notice that he would move to strike out all the paragraphs relating to bounties.

Mr. Hale offered the reciprocity amendment of which he gave notice last June, and spoke in support of it. Discussion of reciprocity, he said, had resulted in grave and pertinent suggestions from eminent men of the country during the last thirty years. Whoever had seen the gradual falling off of American trade with Central and South America and the Islands of the Sea, must have witnessed those conditions with the greatest impatience. The people of all those countries had a common interest with the people of the United States. Alluding to the late Pan American congress; Mr Hale said that it it proved that the same considerations which had their influence in the United States were also moving in the minds of the eminent men from the sister republics who took part in the proceedings of that congress and that they pointed to one sure inevitable end the increase of trade and commerce between the United States and those people. Those considerations which applied to an extension of trade and an increased interchange of products, applied not only to the nations of Central and South America, but the Islands of the Spanish main.

Mr. Hale referred to the reciprocity message of President Harrison and to Mr. Blaine's letter and attitude in support of it and to the increasing and earnest discussion of the subject; also to Mr. Frelinghuysen's letter of the 11th of December, 1884, transmitting the Foster treaty with Japan, also to a reciprocity resolution offered in the senate by Mr. Aldrich in December, 1888, and to a report of Mr. Abram S. Hewitt in the house of representatives to carry into effect a convention between the United States and Mexico, which showed that Mr. Hewitt was influenced by the same idea that now prevailed with a vast majority of the American people. Never until this year had it been claimed, said Mr. Hale, that anybody in public or private life, who was engaged in an attempt to broaden the market for American farms and workshops in countries that were not rivals in the same products, was thereby opposing the system of protection to American labor. That had never been claimed until now.

Mr. Hale quoted as in support of his position, described as "protection extended," an article from the New York Tribune, and he asked whether the disastrous experiment that had been tried in 1873, when the duty on coffee was removed, was to be now repeated in the article of sugar. He also read extracts from Mr. Blaine's two letters to Mr. Frye, and commented upon the fact that while the balance of trade was very largely against the United States in many countries, the result was much more favorable in regard to Mexico, where the United States imports were nearly as large as the exports. This was, he said, largely because of the opening of railroad communication with Mexico, and that fact bore on the necessity for the passage of the steamship and postal subsidy bills, passed some weeks ago by the senate. With the reciprocity proposed in his amendment, and with these bills enacted into law, the increased interchange of products would inevitably follow.

HELD UP A TRAIN.

Bandits Rob an Express Car Near Montgomery Ala.

MONTGOMERY, Ala., Sept. 2.—At 11 o'clock last night robbers held up a passenger train on the Escambia river bridge, a few miles north of here. They climbed on the engine and compelled the engineer to stop on the bridge and then went to the express car which they went through, getting a very large sum of money. It is reported that the express messenger, Archie Arkel, killed one of robbers, but this is not confirmed.

Bad Wreck.

ST. PAUL, Minn., Sept. 2.—The Northern Pacific railroad officials, late last night, got word of an accident to the passenger train which left Tacoma yesterday afternoon. When four miles east of Eagle Gorge, about sixty miles from Tacoma, the train struck a broken rail, derailing the trunk of the engine and several coaches. Several passengers were injured, but no names have been received.

Fatally Caught.

ELKHART, Ind., Sept. 2.—Phineas Devill, a switchman in the Lake Shore and Michigan Southern yards here, caught a foot in a frog, and before he could free himself he was struck by an engine and killed. He came here from Tecumseh recently, was a printer by trade, and leaves a wife and two children.

HOOSIER HITS.

News of Interest from Various Parts of the State.

The Farmers' Alliance of Henry county has called a mass-meeting for the 13th inst., for the purpose of nominating a county ticket.

Lewis R. Burdick and his two nieces, residing near Hamilton, in Steuben county, have received official notification that they are heirs to $210,000 by the death of Mr. Burdick's grandmother in Scotland. Mr. Burdick is also expecting to receive $4,500 in arrearages of pension from the government.

James W. Sansberry, of Anderson, claims $5,000 damages from the American wire and rod mills because the company is turning the refuse of its mills, which is poisonous acids and lime, into a running stream known as Green's Branch, which flows through the complainant's suburban grounds.

Blows were exchanged at Terre Haute in a quarrel over a game of cards between Captain W. P. Bichner and John Taylor, but the men were seperated before great injury had been inflicted. The men afterward met in a hotel, and in another encounter Bichner was dangerously stabbed and Taylor was arrested for attempted murder.

Joseph Wright, who was arrested in Indianapolis on a charge of bigamy, but was afterwards released, has been taken in charge by the Madison county authorities, on complaint of the father of his second wife, named Harmeson, living near Anderson. Wife No. 1 declined to prosecute and this was the reason the case fell through in the Marion courts.

The resolution adopted by the African Methodist conference, at New Albany not only condemned the liquor traffic, but also criticised the use of tobacco as demoralizing and unhealthy. It was also ordered that no man should be received into the conference unless he pledged himself to abstain from tobacco, and every minister found violating his pledge should be proceeded against the same as in other branches of discipline.

Fifteen Ponies Killed.

GOSHEN, Ind., Sept. 2.—The eastbound Lake Shore passenger struck a herd of Texas ponies belonging to the Hostetter brothers, near Millersburg, and, though killing fifteen outright and wounding nine others, never left the track. The carnage was frightful, the engine being covered with blood clear to the cab windows. The Texas pony can do about as it pleases with anything except a railroad train. The loss to Messrs. Hostetter brothers, from killed and wounded animals, will be about $2,000.

Platt Refuses it.

NEW YORK, Sept. 2.—Ex-Senator Thomas C. Platt has refused the mission to Spain, made vacant by the resignation of Hon. T. W. Palmer, of Michigan, on account of business relations. In his letter to Secretary Blaine he says: "I shall be content to serve in the ranks, asking no other reward than the proud consciousness of possessing the confidence and esteem of those true republicans, who, like yourself, have made the 'grand old party' immortal."

Mrs. W. J. Pomeroy, of 193 High street, left for Van Wert, O. to-day.

CANNON'S NAME IS DRAWN.

The Republican Congressman from Illinois Will Be Defeated.

TUSCOLA, Ill., Sept. 2.—The effects of the speech made in congress Wednesday last by Congressman Cannon, and the disgraceful scene following, have just begun to be felt throughout his home district. Both republicans and democrats alike censure him in strong language, and the bad break he made will cost him a great many votes among the better class of people, who feel that the Fifteenth district has been disgraced and humiliated by its representative. The outlook at present is that he will lose every county in his district but Vermillion—and the majority in that will be greatly reduced. Gen. Busey, the democratic nominee, will get the soldier vote, as he has a fine war record, while being a farmer will command him the votes of that class. There are fourteen republican newspapers in the district that refuse to support Cannon—and they have a wide influence.

WARRING OVER A MINISTER

Because He Accepted a Prohibition Nomination for Office.

CINCINNATI, O., Sept. 2.—The First Baptist church of this city has become involved in a disagreement concerning their pastor, the Rev. C. M. Lockwood, who was recently nominated for secretary of state by the prohibition party. At a called meeting of the advisory board, Aug. 13, during Mr. Lockwood's absence, resolutions were adopted requesting him to resign. Upon his return this week a church meeting was held at which a vote was taken against his resignation, and declaring the meeting of the advisory board illegal and its proceedings void. There is a denial by those opposing Mr. Lockwood, that their opposition is caused by his candidacy on the prohibition ticket.

Bad Accident.

JOLIET, Ill., Sept. 2.—The pleasant observance of the holiday yesterday, was marred here by a frightful accident. On the way to the grounds, when midway up Morgan hill, one of the trailers to an electric street car came uncoupled and sped down hill at a terrific speed. Men, women and children leaped off, and a number were seriously injured. Those seriously hurt are: Miss Josie Caul, ugly cuts and bruises on head, neck, and back; Miss Mary Caul, cut and internally injured; Mrs. Henry Brock, internal injuries; August Bischman, arm badly sprained and head cut.

THE CENTRAL STRIKE.

The State Board of Arbitration Investigating the Differences Between the Road and its Employes.

NEW YORK, Sept. 2.—At 10 o'clock this morning the state board of mediation and arbitration began their investigation into the strike on the New York Central railroad. The sessions of the committee will be held in the unoccupied room of the court of common pleas in the new court house. Vice-President Webb will be present, attended by Mr. F. Loomis, general counsel of the road, and Mr. Powderly will be accompanied by his legal advisor, Gen. Roger A. Pryor. More than fifty witnesses have already been subponed by the Knights of Labor. Messrs. Devlin and Wright, after a careful inspection of the Hudson freight service from Albany to Buffalo, assert that the blockade grows steadily more formidable, and that the company is losing thousands of dollars daily.

NEW YORK, Sept. 2.—Messrs. Parcell, Robertson and Donovan, of the state board of arbitration to-day began their investivation of the causes of the strike of the New York Central and Hudson River railroads. Walter Webb, third vice-president of the company, appeared with Frank Loomis, counsel for the road, and Hamilton Harris, of Albany to advise him. Gen. Rogor A. Pryor was present as counsel for the Knights of Labor. J. J. Holland and A. W. Wright, of the general executive board of the knights were also present.

Vice-President Webb was called and said: "The company has no controversy, nor has it had, with any of its employes. On August 8 a number of our employes voluntarily left our service. Since then their places have been filled and the road is operated successfully. The cause alleged for these men leaving was because seventy-eight men of the 22,000 on the road had been discharged because they were Knights of Labor. These men were discharged by my order for good and sufficient causes. The company had a right to discharge any of these men without giving reasons for so doing. On the 9th of August J. J. Holland called upon me as a representative of the Knights of Labor to talk the matter over. I refused and have done so each time a proposition has been made to me since."

On being cross examined by General Pryor, Mr. Webb said the men had been discharged for lack of employment and unsatisfactory service. His knowledge was obtained from the secret service bureau of the road. Witnesses could not produce the reports made by his secret service as they were not now in existence. A question by General Pryor as to whether the road had ever discussed the policy of employing Knights of Labor men, was not allowed by the board. Mr. Webb was then asked why he first arranged for the employment of Pinkerton men. Mr. Harris objected, but the board held the employment of them to protect its property was a matter of public interest and not a private matter. Thereupon Mr. Harris directed Mr. Webb not to answer.

On being asked if he ever requested aid and protection from the police before he employed Pinkerton men, Mr. Webb said that he had not. This ended the testimony for the Central.

Wm. A. Valentine, master workman of assembly No. 10,549, and one of the discharged employes, was the first witness for the knights. The witness received a writ, or communication from the assistant superintendent, which stated that his services would not be required after August 4. In a rambling way the witness told how he had been cautioned not to appear too prominently as a Knight of Labor, as it would interfere with his promotion.

Dennis McCarthy, train baggage man, testified that he was discharged on July 31. In August he asked Mr. Toney if his discharge was final. Then Mr. Toney accused him of being one of the "kickers" and a Knight of Labor.

E. J. Lee, master workman of district 246, testified that district 246 ordered the strike because the company had violated an agreement with the men in which it was agreed to give the reason for all discharges.

Witness had always performed his duty faithfully. On August 8 Mr. Toney told the witness that he was an agitator and would not be taken back.

BUFFALO, N. Y., Sept. 2.—When Division Superintendent Burrows was asked if he would take back the striking switchmen; he said: "They will never work another day for the New York Central road while I am here. The new men are doing better work than the old ones ever did. Get them to go away? Suppose they do. What of it? It won't do them any good. I tell you they can't come back, and if the new men leave us, why all well and good; there's plenty other men who want their places. The strikers can pursue that sort of tactics as long as they please, and I'll keep on filling the vacancies with new men."

CHICAGO, Sept. 2.—A committee representing the passenger and freight conductors of the Chicago and Northwestern railway and all its auxiliary lines, except the Chicago, St. Paul, Minneapolis and Omaha, was in Chicago yesterday in consultation with General Manager J. M. Whitman regarding an increase of pay. At present the men are paid from $75 to $90 a month, but they demand a scale on the basis of $125 a month for the highest paid men. The conference was entirely harmonious and the request of the men was taken under consideration.

A SICHENER TRICK.

How the Farmers of Wells County Have Been Hoodwinked.

BLUFFTON, Sept. 2.—The convention called by the F. M. B. A. for the purpose of nominating a county ticket was in session last Wednesday with closed doors, in this city. Great excitement prevailed when a motion to nominate a ticket came up. All the democratic farmers were opposed to nominating a ticket, and chose John Anderson as their chairman. The motion was put before the convention whether to nominate a ticket or not. A vote was taken and the majority opposed it. They then adjourned. This did not satisfy the leaders of the g. o. p., and they called another meeting, at which only a few democrats were present. At this meeting a ticket was nominated as follows: Representative, John Pond; clerk, N. W. Short; auditor, George O. Merriman; treasurer, John W. Markley; sheriff, Henry Colburn; recorder, James Deaver; surveyor, Clarence Wolf; coroner, W. E. Harvey; commissioners, Nathan Cory and George E. Trenary.

Only two of these gentlemen are democrats, while the others belong to other parties. The republicans will not place a ticket in the field, but it is thought they will indorse the above ticket, and they in return are expected to support the g. o. p. nominee for state senator.

THROWN FROM THE TRUCK.

Two Persons Killed and a Number Injured by a Railroad Accident.

HOT SPRINGS, Wash., Sept. 2.—A terrible accident occurred on the Northern Pacific last night, four miles from Eagle Gorge. Two persons were killed and eleven others injured. The east bound passenger, No. 2, was thrown from the track by a broken rail, and the mail, express and baggage cars, smoker, emigrant car, and the coaches were thrown from the track.

The names of the killed are: Ben Young, umpire of the Northwest league; J. D. Keppler, of Red Bluff, Cal. The names of those injured are: E. W. Healy and wife, Tracy, Minn.; Mrs. Dr. A. H. Fowler, Holyoke, Mass.; V. G. Frost, Ellensburg; E. T. Furnish, Tacoma; Judd Randall, Glenville, Minn.; George Brahaky, Spokane Falls; R. S. Campbell, Oregon; G. H. Woodson, a tourist; Geo. E. Purple, Edgemoore, Mich. Physicians have been sent from Ellensburg and a special train will bring the wounded to this city.

RIGHT HOURS.

President Wm. Watkins Delivers an Address at Liverpool.

LIVERPOOL, Sept. 2.—At the opening of to-day's session of the trades unions congress President Wm. Watkins delivered an address. He said that the time had undoubtedly arrived when an energetic attempt should be made to secure eight hours as a day's work. He did not advocate that a measure should be forced through the house of commons immediately, irrespective of the wish and desires of the industries affected, making eight hours a day's work, but he saw no reason why such a concession should not be made immediately to the occupations which unmistakably wanted it. He advocated a direct representation in parliament, a control of the railroads by the nation, and the solution of the land question by nationalization.

Republican Clubs.

SARATOGA, N. Y., Sept. 2.—The republican club convention is to meet here on Thursday. Among the prominent persons already on the ground are Judge Thurston, of Nebraska, chairman, and A. B. Humphrey, of New York, secretary. The semi-annual meeting of the executive committee will be held this evening and Wednesday, when plans will be formulated for resisting in the selection of republican members of congress in November.

Charged With Perjury.

BATH, N. Y., Sept. 2.—A great sensation has been created by the arrest, on a charge of perjury, of James O. Seabring, a well known democratic politician and able lawyer of Hammondsport. Seabring was the democratic candidate for district attorney of Steuben county last fall. The charge of perjury is made in connection with his professional duties. Examination was waived and Seabring was held for the grand jury.

Portugal's King.

LISBON, Sept. 2.—King Charles is suffering from an attack of typhoid fever, the result of drinking polluted water. The attack is not severe, and no alarm is felt regarding his condition.

Hargrave Nominated.

ATLANTA, Ga., Sept. 2.—Zachariah B. Hargrave was yesterday nominated for congress by the republicans of the Seventh district. Hargrave is postmaster at Rome.

A BRISK START.

The Circuit Court Opens the September Term Auspiciously--Court Cullings of Interest.

Although yesterday was the day the circuit court was legally convened for the September term by Judge Edward O'Rourke, the court was not kept open because it was Labor day, and the court house officials recognized it as a holiday. The court opened to-day, however, in full blast.

SIX DROWNED.

A Yacht Capsized Just Outside the Golden Gate.

SAN FRANCISCO, Sept. 2.—The sloop yacht Petrel, Capt. Wm. H. Hoy, was capsized just outside the harbor yesterday, and six persons who were on board are all supposed to have been drowned. They were Captain and Mrs. Hoy, Miss Wallace, the daughter of a Presbyterian clergyman of this city, and a lady and her two children, whose names are unknown. The bodies of two of the women were seen by some fishermen floating near the capsized yacht, but owing to the high seas they were unable to get near them. The bodies of the others are supposed to have been carried out to sea by the tide.

LONDON, Sept. 2.—A dispatch received here states that the steamship Portuense, from New York and Baltimore, for Para, founded near Anegada, one of the West India islands. Nineteen of the crew were saved. The captain, first and third officers, chief engineer, two stewards, boatswain, carpenter and fireman are missing.

DULUTH, Minn., Sept. 2.—There is absolutely no truth in the rumor that the ferry boat Mayflower sank, with fifty people on board, during last night's run.

MAY CURE AN INFANT.

But the Medicine Was Death to an Adult--Mrs. Arbes' Terrible Agony.

NEW YORK, Sept. 2.—Mrs. Fitz Arbes, who lived with her daughter, Mrs. Catherine Zadick, at No. 911 East Fifteenth street, died in terrible agony yesterday afternoon after having drank a quarter of an ounce of medicine put up by Druggist Albert Kirchman. Dr. Lesser, of East Fifteenth street, who had been called in to treat the infant child of Mrs. Zadick for gastric trouble, prescribed a minute dose of a preparation, the major portion of which was aconite. The medicine was put up in a bottle bearing a German label. Mrs. Arbes, who was also unwell, concluded to try the medicine. This she did with the above result. Mrs. Zadick, too, tasted the drug. Dr. Grieber, who was hurriedly sent for, arrived too late to aid Mrs. Arbes, and only succeeded in saving the life of Mrs. Zadick by the use of powerful antidotes. Coroner Levy investigated the case and decided that there was nothing upon which to hold Dr. Lesser.

JUVENILE FIENDS.

Murderous Exhibition of Youthful Depravity by Two Warsaw Lads.

WARSAW, Sept. 2.—A case of juvenile fiendishness has been discovered in this city. Two lads, Roy Ralston and Arthur Overholster, aged sixteen years each, on Saturday enticed Carl Boleuhaugh, a little boy six years old, into a box car on a side track in the outskirts of the city, and beat him with switches and clubs so unmercifully that the little one's life is despaired of. No reason is assigned other than pure devilishness. The young assailants are in jail.

Startling Discovery.

The discovery by the inhabitants of a locality hitherto unvisited by the pestilent scourge of fever and ague, that it could be in their very midst, is decidedly alarming. Such discoveries are made at every season, in every part of the Union. Subsequently, when it is ascertained, as it invariably is at such times, through the intimate experience of some one who has been benefited and cured, that Hostetter's Stomach Bitters is a thoroughly efficacious counteractive of the malarial poisons and a means of fortifying the system against it, a feeling of nervous enmity and incompatibility evinces itself against the whole neighborhood. Besides the febrific forms of malarial disease, dumb ague and ague cake are remedied by the potent action of the Bitters, to which science bestows its sanction as a remedy for the gastric dyspepsia, constipation, liver complaint, debility, kidney troubles, and all diseases impairing the organs of digestion and assimilation.

THIS DAY IN THE PAST.

1666—Great fire in London; burned three days, destroying 89 churches and 13,200 houses. Year of the black plague.

1792—Beginning of the Reign of Terror in France; the highest number executed for five days in and about the prisons of Paris; the leaders of the massacre were Danton, Marat and Robespierre.

1807—Copenhagen bombarded by the English fleet under Lord Cathcart.

1839—Birth of Murat Halstead, journalist, in Pendleton's Run, O.

1864—Sherman occupied Atlanta, Gen. Hood retiring.

1870—Capitulation of Sedan and surrender of Napoleon to the king of Prussia. Battle at Strasburg.

1871—Communists in France sentenced to death and transportation.

1884—Death of Hon. H. B. Anthony, U. S. senator from Rhode Island; born 1815.

1889—Thirty-four vessels wrecked by a cyclone on Campeachy coast.

LABOR day in this city was a success.

LABOR DAY has come and gone. The next great event for Fort Wayne is the Northern Indiana fair.

THE democratic congressional convention for this district met to-day at La Grange and nominated our next congressman.

THE annual reunion of the eighty-eighth Indiana volunteers will be held at La Grange, on Tuesday, October 7, 1890. Capt. A. H. Dougall, of this city, is the adjutant of the regiment.

MRS. LIVERMORE says that her husband is a republican, while she is a prohibitionist; he is a protectionist, while she is a free-trader; he has a pew in one church and she in another; he has one doctor, she another; and yet they are happy and harmonious, and never dream of quarreling.

THE Lutheran families of this city entertained the visiting delegates to their conference, which adjourned yesterday, in a handsome way, and next Sunday the pastors of the three German Lutheran churches will read from their pulpits the vote of thanks of the conference for the hospitality extended to the visiting ministers.

ON Saturday last, at his home near Bluffton, occurred the death of G. H. King, county commissioner of Wells county. His death was the result of the LaGrippe, from an attack of which he never fully recovered. In the fall of 1888 deceased was elected by the democratic party as county commissioner, the duties of which office he assumed in December of the following year. He was wide and favorably known.

SUPT. JOHN G. BLAKE, of the feeble-minded institution, was at Plainfield over Sunday attending the jubilee meeting of reform schools at that place. The Indianapolis News, in speaking of the event, says: "Jubilee meetings were held at the Plainfield reform school Saturday night and yesterday. They were entirely impromptu, but nevertheless hearty. John G. Blake, ex-chaplain, now superintendent of the Fort Wayne state institution for feeble-minded, happened in unannounced Saturday night and was magnificently received by officers and boys. Miss Laura Beam was a visitor and contributed to the entertainment. Yesterday two meetings were held and a large company of visitors was present. Lieutenant Governor Chase came over in the afternoon and made an unusually felicitous speech to the boys in an open-air meeting. Bishop Blake was at his best; the boys sang with great spirit; Miss Beam was again drafted into service, and though protesting that she was not a speaker, demonstrated that she was a thoroughly entertaining one."

THE LUTHERANS.

The conference of German Lutheran ministers, that had been session at St. Paul's since last Thursday, adjourned last night, to convene in Chicago in 1891. The topic discussed yesterday was the mutual aid societies inside of Lutheran congregations, that have lately been disturbing the peace and unity of some of the Lutheran churches.

The following thesis, being the third of the series, was finally adopted, and the unanimity with which it was carried is evidence that the question was sufficiently ventilated and thoroughly understood:

Although it is not sinful in itself to promise or lend mutual assistance governed by contract in christian congregations, yet since societies for the purpose of mutual assistance are fraught with manifold dangers over against both the entire congregation and the individual members of such societies, so that, for instance, either assistance stipulated by contract may in general insinuate itself into the province which, according to divine ordinance, must remain open to christian charity and benevolence, or that the unity of the congregation be disturbed, or christian discipline be prejudiced, or inducement be given toward connection with the church from impure motives, or trust in God and resignation to his divine dispensations be impaired with the members of such societies: Therefore, we most earnestly dissuade from such associations.

WISCONSIN TO GO DEMOCRATIC.

The democratic campaign in Wisconsin this fall will be sharp and lively from start to finish. The democrats go into the campaign with three good issues—opposition to the Bennett law, the disposition of the interest on money in the state treasury, and the tariff. Well-posted republicans admit that on either of the last two issues their majority in the state would have been reduced. Their strength, therefore, when taken together and added to that of the Bennett law can be easily estimated.

But it is on the Bennett law issue that the republican lines are most badly broken. They might resist the defection on the tariff or stave off the treasury matter by promises of amendment, but the Bennett law has to be faced. It was hoped that the platform adopted by the republican state convention would prove satisfactory to the German Lutheran republicans. This hope, which expressions from Lutherans after the convention reduced steadily, was entirely snuffed out by the action of the Lutheran anti-Bennett law state committee that met Friday and declared unequivocally against Gov. Hoard, cruelly adding a promise to defeat him. Hereafter in all estimates of fighting forces, the Lutheran voters will be put in the democratic column. Their action is not at all surprising, as they had declared from the first that they would be satisfied with nothing less than the repeal of the law.

What the German Lutheran vote amounts to is and will be from now on a matter of much dispute. Republican authorities estimate it at 8,000. On the other hand Lutheran authorities who are in a position to know say it is 16,000, or even higher. The republican majority in the state, with the Lutheran vote included, has been 20,000. The transfer of that vote, placing it even at a conservative estimate, would, it can readily be seen, wipe out the republican majority.

IN THE FAR WEST.

The Trip From Denver, Col., to Ogden, Utah, Graphically Told by a Lady Writer.

Mr. and Mrs. John Ervin, of this city, are taking a trip through the west, and in a letter written to friends in this city by Mrs. Ervin, giving a description of their journey from Denver, Col., to "the land of the Mormons," we are allowed to take these interesting extracts:

OGDEN, Utah.

Dear Brother and Sister:—As I have nothing to do this afternoon, I will while away the time by writing you. Of course, you know by this time that we are located in Ogden, Utah. We like it here very much. And, oh! what a delightful trip we had coming here from Denver. I never thought to enjoy such delightful climate or lovely scenery. How I wish I could describe our trip through the mountains; but words cannot do it. On our route we passed through what is known as the Black canon; but there is nothing black about the canon, except the shadows of the towering walls. The cliffs show bright and happy colors, gay contrasts of pink and blue, bright red and maroon, dashed on here and there with the master freehand sweep of some scene painter. The scene is kaleidoscopic, constantly changing. The train rolls along this canon between high and exalted walls—so high that you strain your very eyesight to see the top. And just think, walls of solid rock and stone. Then we come to a stream of water white as wool, pitching from the top of a precipice 2,000 feet above us to the bosom of the sparkling river which dashes along the road.

Then suddenly we passed the mouth of another canon, which looked as if it were the gateway to an unreefed arcade, leading from the pathway of a monstrous giant. I don't believe that in all the world there can be a place so beautiful, imposing, sublime and awful, as the Black canon.

But soon a new marvel demanded our attention. The ascent of Marshall pass. (I forgot to mention that on our route through the Grand canon and other delightful scenery, we occupied the tourista's observation car). We began the ascent of Marshall pass. We had gone through the mountains, now we were to go over them. Two powerful engines puff vigorously and take us spinning up this marvelous road, climbing grades of 400 feet to the mile, and when the summit was reached we were 11,850 feet above the distant sea. The train paused, and our eyes swept the prospect as far as vision could reach. Wonder at the triumphs of engineering skill was strangely mingled with the feeling of awe and admiration at the stupendous grandeur of the scene. Then we began our descent. One engine held the train in check. There was no smoke or cinders. The brakes, skillfully applied by the engineer, controlled the power of gravitation, which was the only force needed to carry the train along.

Then we entered the grand canon, fifteen miles in length—seven miles of wonder. On our right boiled and surged the Arkansas river. To the left are cliffs, jutting in places above the track, and rising to awe-inspiring heights. The track is situated on a high shelf as it were, and it seemed at every curve as if the engine would dash itself to atoms against the rocks. But each time a slight turn is made, and the promontory is passed in safety. We soon found ourselves in the heart of the mountain. Peak upon peak rose above, until their aforesaid results. Some fifty English dictionaries were brought into court to enable the Judges to ascertain what was the real meaning of the word, but "tiddly-winking" was not discoverable in any of them. So they accepted the definition of a witness, that the phrase conveyed to his mind the idea of "using little dodges to obtain one's own ends." An imputation of that sort, the court decided, was not necessarily libelous.

A curious incident regarding a strait occurred during the Russian war: It would have been ludicrous, if anything can be ludicrous connected with war. Commodore Elliot was blockading a Russian squadron in the Gulf of Saghalin, on the east coast of Siberia. Thinking he had the Russians in a *cul de sac*, he complacently waited for them to come out, as the water was too shallow for him to attack them. As the enemy did not come out he sent in to investigate, and found, to his astonishment, that Russians and ships had vanished! While he had been awaiting for them in the south they had quietly slipped out by the north, touching both him and the British government a rather severe lesson in geography, as it had been thought that Saghalin was an isthmus; and they were totally unaware of a narrow channel leading from the Gulf to the Sea of Okhotsk.

THERE is nothing pleasanter to use as a cure for rough or sunburnt skin than slices of raw cucumber. It is a much cheaper remedy than any of the preparations in bottles, and the best way is to cut off a slice and rub the juice well into the skin and then dry with a towel.

Hood's sarsaparilla has a steadily increasing popularity, which can only be won by an article of real merit. Give it a trial.

The Japanese take their baths at a very high temperature.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children she gave them Castoria.

DR. RICHARDSON cites the Jews as a living example of sobriety. The remarkable vitality of their race strikes him as something astounding. Oppressed by cruel laws in the past, and living in abodes where others have died, yet they contrive to exist. The explanation, according to this indefatigable apostle of Hygeia, is that which was given by Haller, a leading German doctor of the last century. It is, that they lead as a rule, simple lives, and o mindful of the expressive maxim in roverbs, "Wine is a mocker." Dr. Herman Adler has pointed out that, although Judaism does not denounce the taking of wine in moderation, there runs through the Hebrew literature the strongest condemnation of intemperance. It is, however, we are told, a mistaken idea that during Passover Jews are forbidden to take fermented wine. What is forbidden is the product of fermented grain, for which reason strict Jews at such a time are restrained from the use of such liquors as whisky.

J. W. FUNK, a farmer of Heyworth, Ill., is one of the 14,000 inventors who are competing for the prize of $125,000 offered by the Government of New South Wales for the trap which may be decided to be the most likely to be effective in ridding that country of its fearful pest of crop-destroying rabbits. He has received a letter from Australia saying that the committee which is to decide the matter has looked with favor upon his model, and inviting him to visit Australia and demonstrate the working of the trap. He will probably do so in a few weeks. The trap is simple and cheap. It is a device to dump the rabbits, one at a time, into a pit by means of a platform swung on pivots below a suspended bait. In a trap of similar device he caught fifty-seven rabbits in one night in a cornfield.

BRUSSELS, not content with having more beautiful public buildings than any other European city save Paris, has now determined to rival Paris itself. King Leopold has just laid the foundations of an arch of triumph one-third larger than the celebrated one in Paris, and it is announced that this gigantic work will be completed by the close of the century. Brussels already has the most monumental court house in all Europe—a magnificent pile, which cost vast sums of money and which contains some superb halls. The Paris triumph arch cost $2,000,000; that of Brussels is to cost $3,000,000. It will be richly ornate with sculptures, some of which will be of gigantic proportions.

Whene'er you meet a man whose face
Is very sadly patched,
As though he'd fallen through a hedge
And had it fiercely scratched,
Or, do not dare to ask of him
The source of all his woe;
He's one of those who thinks that he
Can shave himself, you know.

WHAT is it to "tiddly-wink?" We do not know; but whatever it is, at any rate the Supreme Court of Victoria has decided that it is not libelous. A colonial newspaper charged a shire councillor with having "tiddly-winked the shire funds." Litigation ensued, and no matter was carried on appeal to the highest tribunal in the colony, with the aforesaid results. Some fifty English dictionaries were brought into court to enable the Judges to ascertain what was the real meaning of the word, but "tiddly-winking" was not discoverable in any of them. So they accepted the definition of a witness, that the phrase conveyed to his mind the idea of "using little dodges to obtain one's own ends." An imputation of that sort, the court decided, was not necessarily libelous.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it minous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

We now offer Best Extra C., 5c. Best Standard A., 6¼c.
Powdered and Crushed, 7c. Granulated and Cut Loaf, 7c.

COFFEE, COFFEE—Rio, Java, Mocha and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 22c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

Best Rio Coffee, 22c. lb. Choice Old Govt. Java, 28c. lb.
Best Green Mocha, 30c. lb. Best Roasted Rio, 25c. lb.
Best Roasted Java, 33c. lb. Best Roasted Mocha, 35c. lb.
Sampson Brand in Packages, 25c. Jersey Coffee in Packages, 25c.
Durham Coffee in Packages, 25c. Levering's Coffee, 26c. lb.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of G. Fox has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

Young Hyson Tea, 20c., 30c.; best, 50c. lb.
Oolong Tea, 20c.; best, 50c. lb.
Imperial Tea, 20c; good, 30c; best, 50c lb.
Gunpowder Tea, good, 30c. best, 50c lb.
Japan Uncolored, good, 30c; best, 50c lb.

An extraordinary case of matrimony in India is reported. A boy less than ten years old has received from a Brahmin of Bengal the Brahmin's six aunts, eight sisters and four daughters in one batch. A baby bride was brought to the ceremony on a brass plate.

The Mexicans and Indians in Texas say that every animal has brains enough to tan its own skin, and so the latter, in the case of the wolf, panther, wild cat and some other animals, is mainly prepared by rubbing into the flesh side of it the brains of its former wearer.

The ancients designated the seven metals by the names of planets, because each was supposed to have some hidden relation, each being denoted by a particular symbol, representing both planet and metal. Gold was the sun; silver, the moon; mercury, Mercury; copper, Venus; iron, Mars; tin, Jupiter; lead, Saturn.

The Canadian weather-seer, Wiggins, thinks that tornadoes result from the effort of imprisoned lightning to break its fetters. He thinks a town thickly woven with overhead electric wires is in no immediate danger of destruction by cyclones. The struggling lightning, when it comes into contact with these conductors, will take to them, and go and hide itself in the ground. Great Wiggins!

B. Dean, of Jonesboro, Ga., has a block from a garden-gate post that was hewn out and placed in the ground in 1804. He made a visit to his sister in Baldwin County, and it was at her home that he secured the block from the aged yet serviceable post. The post was hewn out of a light wood tree, and is perfectly sound to-day. Mr. Dean says it is good for another eighty-six years and perhaps longer.

A European horseshoe is composed of three thicknesses of cow skin pressed into a steel mold and then subjected to a chemical preparation. It is claimed for it that it is much lighter, that it lasts longer and that split hoofs are never known in horses using it. It is perfectly smooth on the bottom, no calks being required, the shoe adhering firmly on the most polished surface. That ought to be a great shoe for asphalt pavements.

In a short time the *Sun*, the *Times*, the *World* and other New York dailies are to begin the use of typesetting machines. It is also announced that the printer of the *Century Magazine* is to have his typesetting done by machinery. A syndicate of book publishers has also made arrangements to put fifty or a hundred typesetting machines into a co-operative office, where all the body matter of cheap publications issued in New York will be turned out.

Stanley said on one occasion: I have always found tobacco a solace and an aid to concentration. I remember on one journey down the Congo we were just about to enter a most dangerous country. I knew that a fight was inevitable, and I told my men to make ready. I took an observation, lighted my pipe, and smoked for five minutes to settle myself for action. We were fighting for our lives a few minutes afterward, and the battle went on for hours. Livingstone never smoked.

A curious anæsthetic used by the Chinese has recently been made known by Dr. U. Lambuth in his third annual report of the Soochow Hospital. It is obtained by placing a frog in a jar of flour and irritating it by prodding it. Under these circumstances it exudes a liquid which forms a paste with the flour. This paste dissolved in water has well-marked anæsthetic properties. After the finger has been immersed in the liquid for a few minutes it can be cut to the bone without pain being felt.

Miss Martin Hester is the United States mail-carrier over the route from Condar, Laurens County, to Lothair, Montgomery County, Georgia, a distance of forty miles through a sparsely settled region, which she traverses three times a week. She drives her own mail-cart, carries a revolver, and is punctual as the sun at all seasons and in all weathers. Besides transporting the mails, she manages a farm, gets out lumber, splits fence rails and contrives to support a widowed mother, two younger sisters and a brother, while she is not yet twenty years of age.

The "gamelle," a kind of tin mug in which the French soldier receives his rations, and which he carries on his knapsack, has at last achieved notoriety. When the young Duke of Orleans came before the court, and exclaimed: "I ask for nothing but a gamelle," meaning nothing but the treatment of a common soldier, the public readily seized upon the emblem. Scarcely three days had elapsed before a great jeweler of the Rue de la Paix had hundreds of "tin mugs" in silver, gold and jewels as pins and badges, which sold immediately as the "tin mug of Orleans," and were worn all over Paris. A popular florist designed a vase in the shape of the "tin mug," and presented the first specimen to the Prince, who sent it to his bride, Margaret de Chartres, filled with roses and lilies of the valley. In the meanwhile all Paris is sporting the soldier's tin mug in the tri-color, and the young Duke has left a fashionable ornament to remember him by.

The French newspaper originated in rather a peculiar way. During the early part of the seventeenth century a physician named Renaudot resided in Paris. He was an inveterate gossip, and owed much of his professional success to his reputation as a collector of news, patients seeking him as much to obtain tidings of what was going on in the world as on account of his medical proficiency. In order to increase the number of his patients he obtained permission from the Government to print a sheet every week for distribution among his clientele. The first of these sheets appeared in 1632, and so great was their popularity that the ingenious physician soon had many imitators. The first publications in all countries were in the nature of news letters—irregular, ephemeral sheets, with irresponsible editors; next followed the weekly, and finally the daily.

J. M. Herring, of Sutter County California, has been granted a patent on an agricultural machine which ought to revolutionize something or other, inasmuch as it combines digging, subsoiling, pulverizing, planting and harrowing; and in addition to this, when curfew tolls the knell of parting day and lowing herds wind slowly o'er the lea, the operator can convert it into a tent or living-house and "put up" in it all night. The object is to provide a complete farming machine, adapted to large farms, where hotel and boarding-house accommodations are distant from the ground to be worked.

The Great Benefit

Which people in run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting flotitious strength, but Hood's Sarsaparilla builds up in a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial*, or, still better, a comparative test with whatever other cocoa it may be; *then* Van Houten's Cocoa *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health*, says: "Once tried, always used."

☞ To avoid the evil effects of Tea and Coffee, use constantly VAN HOUTEN'S COCOA, which is a STRENGTHENER to the NERVES and a refreshing and nourishing beverage. 153

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 709. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ---------- LARS.

$578,345.00/100 — 29 DEC 28 1889. — CERTIFIED, Payable through New York Clearing House, N. Y. A. — E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, in the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer secured a premium and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they unhesitatingly reiterated to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidance of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

CUPID AT THE ALTAR.

Where He Bows to Several Popular Young Couples.

This evening, at the home of the bride on St. Mary's avenue, will occur the marriage of George Stahn, draughtsman in the Pitteburg offices, to Miss Minnie Schaefer, an accomplished young lady. Rev. Lindeman, of St. Paul's, will perform the ceremony.

To-morrow evening, at the bride's home, 276 West Washington street, will occur the marriage of Miss Amelia Schmidt to John B. Franks, of Kendallville. Rev. C. Gross, pastor of Emanuel Lutheran church, will officiate. The attendants will be Henry Orstak and Miss Annie Frank, sister of the groom, of Kendallville, and Louis Schmidt, brother of the bride, and Miss Carrie Eckart, this city. Others from out of the city who will attend the ceremony are Mrs. Dr. Hartley, Kendallville; Mr. and Mrs. Killalla, Milwaukee, Wis., and L. Cummerow, Toledo, O.

Frank P. Bissel, the pleasant night ticket agent in the Pennsylvania railroad offices, will be married the early part of next month to a young lady whose home is in Kalamazoo, Mich. He has already secured handsome apartments at 49 East Lewis street, which will be furnished in elegant style for the young couple's reception.

At 9 o'clock this morning, at Delphi, Ind., occurred the marriage of Miss Irene Bougher, of that place, to Alois Riegel, of the firm of Reigel & Bougher, this city. The couple left for Philadelphia, and will return to Fort Wayne in two weeks, to make their home here.

THE COUNTY'S INSANE.

Clerk J. J. Kern Interviews the Superintendent of the Richmond Asylum.

County Clerk Jacob J. Kern has returned from Richmond, Ind., where he went to interview Dr. Wells with reference to the future disposition of Allen county patients. Mr. Kern was accompanied by Superintendent John Wilkinson, of the county asylum. It was learned that of Allen county's insane, numbering 140, but half of them would be accepted at Richmond, the quota not exceeding seventy. Mr. Kern states that if Indianapolis does not unload the Allen county patients there would be no difficulty felt, but the authorities there seem to be anxious enough to unload. At any event, the erection of a new ward at the county asylum seems to be necessary, and the county commissioners will be asked to have a suitable building put up, as the incurable insane will all be sent back to this county for keeping.

F. Weibel's Display.

F. Weibel, successor to Cosgrove & Snyder, No. 9 Harrison street, had an attractive display of pumps, windmills, etc., on three wagons, making an imposing exhibit in the Labor day demonstration. Mr. Weibel keeps at all times a full line of everything pertaining to his business, and anyone desiring to have a well sunk, or a pump repaired, or a windmill erected, or anything now in well or cistern pumps, buckets, pipe or fittings, may have their orders promptly filled at No. 9 Harrison street.

A MILITARY BALL.

The Rifles Decide to Celebrate their Fifth Anniversary.

The Rifles will celebrate their fifth anniversary early in October, by giving a grand military ball. This will be the third event of the kind given by this popular organization. The First regiment band and orchestra will furnish the music, and a caterer will be employed. Several committees will be appointed at the next meeting of the organization to proceed with the arrangements.

NEW CHIEF CLERK.

Jean J. Pauley Accepts a Nice Position at the Randall.

"The Randall" has a new chief clerk, John J. Pauley, whose genial countenance beamed from behind the desk of that popular hostelry for the first time to-day. R. B. Hughes, the proprietor, has in Mr. Pauley a young gentleman who is by no means new at the business, having acquired the qualities by years of service at the Robinson, Brunswick and Rich hotels.

CARPENTERS OUT.

Over Six Thousand Men Strike at Chicago for Eight Hours.

CHICAGO, Sept. 2.—The second great strike of the carpenters in this year, went into effect this morning. Of the 8,000 members of the craft in the city, less than 2,000 resumed work to-day, and by to-night it is expected that most of those will have joined the strikers.

The strike is much more general than had been anticipated by either of the employing associations, and far more unanimous than the promoters of it had hoped for.

The men demand the eight-hour day, 37½ cents an hour, and arbitration of all disputes.

The strike differs from the one inaugurated last May in that, any contractor that concedes the terms demanded will be furnished men by the carpenter's council. Last spring the carpenters refused to treat with the contractors except as an association.

ORIENTAL SCENERY.

Elegant Decorations to be Seen in a Pioneer Tea House.

In the spacious quarters of the Union Pacific Tea company, at 102 Calhoun street, is a feast of beauty that has no equal in a public store in the city. A SENTINEL reporter, who dropped in to inspect the new oriental scenery that now adorns the walls, was buttonholed by that genial prince, Manager F. K. Smead. "There is no more paper of this style in the city," said he, "this came from Paris." It looks it. This store is a pioneer tea house, one branch of a great company whose stores are located in all cities of importance in the Union. They have made a special study of the tea and coffee business, and have the knowledge of importing the best teas, and yet do it so that customers can save money and be better suited. The public should beware of imitators and would-be tea men. This house gives to all purchasers useful and ornamental presents. They have their own wagon to deliver to any part of the city. With all of these advantages, why should not the buyer purchase tea and coffee from a tea and coffee house where it is a pleasure to please by furnishing first-class goods.

THE BOSTON STORE.

The only display of ladies' and misses' cloaks and muffs made in the parade was that of Stewart & Hahn, the Boston store, who are to be complimented for their enterprise. They are one of the leading houses in the city and always carry a large and excellent stock of everything in their line of goods. The Boston store is the friend of the workingmen and invite the trade of this class of customers who are treated by their corps of clerks with the same consideration that is given to the rich. Messrs. Stewart and Hahn have everything in the ladies and misses cloaks and muffs line and will always be glad to show their goods to customers.

BLOOMINGDALE MILLS.

The New Frenchtorn Have a Display in the Labor Day Parade.

In the great army of bread winners which participated in yesterday's grand Labor day parade, the Bloomingdale Mills was represented by a wagon illustrative of their business. Their flouring mill, which is located in Bloomingdale, is one of the industries of the city which has rapidly came to the front since its new proprietors, Messrs. W. H. Brudi & Bro., took hold of it some months ago and it is now turning out the very best brands of breadstuffs, including the "Diadem," "Bond's Patent" and others.

Mr. Brudi brings with him into the milling business the very best of qualifications, having been employed for three years with W. H. Bond, and is thoroughly fitted for manufacturing the very best grades of flour and meal which his firm are now doing.

They are engaged in the wholesale business only, and deliver their goods to the groceries direct, where their customers can at all times find their favorite brands. For this purpose they have a handsome new wagon in use. Deliveries are made daily to their retail dealers, and the consumers of their flour will always find it on sale. The products of the Bloomingdale mills have no superiors, and will always be favorites in the market. Their mill is running day and night to supply the demand.
